ABOUT ME

ServiceNow Developer with 2 years of hands-on experience in designing, developing, and implementing ITSM solutions on the ServiceNow platform and 1 year of experience in Network Engineering. Experienced in Incident, Change, Problem, Request Management, Service Catalog development, Flow Designer, Client Scripts, UI Policies, Business Rules, Script Includes, Import Sets, and workflow automation. Strong understanding of ITIL processes and enterprise service management. Proven ability to automate manual processes, improve user experience, and deliver scalable ServiceNow solutions.

TECHNICAL SKILLS

ServiceNow Development

- Service Catalog
- Record Producers
- Client Scripts
- UI Policies
- UI Actions
- Business Rules
- Script Includes
- ACLs
- Notifications
- Update Sets

Networking

- Cisco Switching
- Routing & Switching
- SD-WAN Fundamentals
- Network Troubleshooting

ITSM Modules

- Incident Management
- Change Management
- Problem Management
- Request Management

Scripting

- JavaScript
- GlideRecord
- GlideAjax

Automation & Integration

- Flow Designer
- Import Sets
- Transform Maps
- Event Management

CMDB

- CMDB Fundamentals
- CI Relationships
- Data Management

EXPERIENCE

ServiceNow Developer | Infosys Ltd | May 2023 – June 2025

Key Responsibilities

- Developed and maintained Service Catalog Items and Record Producers based on business requirements.
- Created Client Scripts and UI Policies to improve form usability and enhance user experience.
- Developed Business Rules and Script Includes for process automation and server-side logic.
- Built approval workflows and task automation using Flow Designer.
- Configured email notifications and event-driven alerts.
- Worked with Import Sets and Transform Maps for bulk data migration activities.
- Managed Update Sets and deployed changes across Development, Test, and Production environments.
- Participated in Incident, Change, Problem, and Request Management implementations.
- Collaborated with business stakeholders to gather requirements and provide technical solutions.
- Performed unit testing, troubleshooting, and production support activities.

Key Achievements

- Automated request fulfillment processes, reducing manual effort significantly.
- Improved catalog user experience through dynamic form behavior and validations.
- Reduced incident routing time through automated assignment logic.
- Delivered multiple Service Catalog enhancements with minimal post-production issues.

Network Engineer | Infosys Ltd | June 2022 – May 2023

Key Responsibilities

- Monitored enterprise network infrastructure and ensured service availability.
- Configured and maintained Cisco switches and network devices.
- Supported VLAN creation, network modifications, and connectivity troubleshooting.
- Performed LAN/WAN issue analysis and resolution.
- Conducted root cause analysis for recurring network incidents.
- Collaborated with operations teams to restore services within SLA timelines.
- Maintained network documentation and operational procedures.

PROJECTS

Employee Onboarding Automation

Technologies: Service Catalog, Flow Designer, Notifications

Contribution

- Developed a Service Catalog solution for employee onboarding requests.
- Implemented manager approval workflows.
- Automated task creation for HR, IT, and Facilities teams.
- Configured email notifications for request tracking.
- Reduced onboarding processing time through automation.

Asset Request Management

Technologies: Service Catalog, Flow Designer, Client Scripts

Contribution

- Developed self-service asset request forms.
- Implemented approval and fulfillment workflows.
- Added dynamic form validations using Client Scripts.
- Automated asset allocation and request fulfillment tasks.

Incident Auto Assignment Solution

Technologies: Business Rules, GlideRecord

Contribution

- Developed automated incident assignment logic.
- Configured assignment based on category, priority, and business rules.
- Reduced manual intervention in ticket routing.
- Improved SLA adherence through faster assignment.

EDUCATION

Bachelor of Technology (B.Tech) | Amrita Sai Institute of Science and Technology, JNTUK | 2016 – 2020

CERTIFICATIONS

- ServiceNow Certified System Administrator (CSA) – Pursuing
- ServiceNow Certified Application Developer (CAD) – Pursuing
